ITALIAN VINEGAR MAKER  
SINCE 1889

## PRODUCT CATALOGUE

*A spark of creativity*

## Master Vinegar Makers since 1889, a story of passion.

For over **three generations** our family has dedicated itself to the production of vinegar with passion and knowledge, in the tireless search for the best possible quality product.

A story which began more than 130 years ago, when **Armando de Nigris** opened the first vinegar mill in Naples, immediately proving to be a great success with his clients. This success was consolidated over the years to follow, when the running of the company passed to his son Marcello, who succeeded in launching De Nigris's products onto the international market and in widening the product range to include the prestigious Balsamic vinegar.

A spirit of innovation that, thanks to the third generation of Master Vinegar Makers, still guides us today and allows us to offer our clients products of excellence, which are appreciated world-wide for their quality and creativity.

*M. De Nigris*

### INTEGRATED PRODUCTION

Our production chain is the first example of integrated production of Balsamic Vinegar of Modena: from the vine to the bottle.

The quantities produced in the three plants allow us to satisfy the demands of the foreign market with a highly-selected variety of products of an excellent level of quality.

## Sustainability standards according to De Nigris

# The founding of the De Nigris Vinegar factory by Armando and Marcello.

**Armando de Nigris**, who was born at the end of the 1800s, took part in the traditional family business, which was dedicated to the local distribution of wines.

Around 1950, when demand for our products began to arrive from overseas, from Italian emigrants who increasingly wished to have the flavors of their homeland in the United States, our company was passed from father **Marcello de Nigris**.

A man of great foresight and an innovative spirit, Marcello immediately characterised the company with his own vision: **"borders do not exist"**.
